# REPRIEVE

## Randomized Trial to Prevent Vascular Events in HIV

### 03/28/16 - 04/04/16 Trial Status

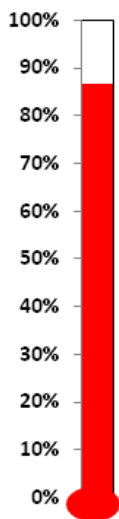

As of this week, there are **83 sites activated**, **1774 screens complete**, **1215 participants randomized** and **156 participants in screening!**

We are in the new quarter and our next enrollment goal is 2867 participants by June 30th, 2016! Screening and enrollment continues to be extremely important in the next months.

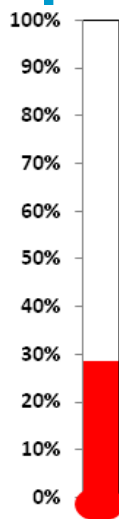

**We will provide updates in next week's REPRIEVE Newsletter about our March Madness competition so stay tuned...**

If you missed the last REPRIEVE Newsletter with details about the exciting REPRIEVE March Madness competition, [click here](#) for more details!!!

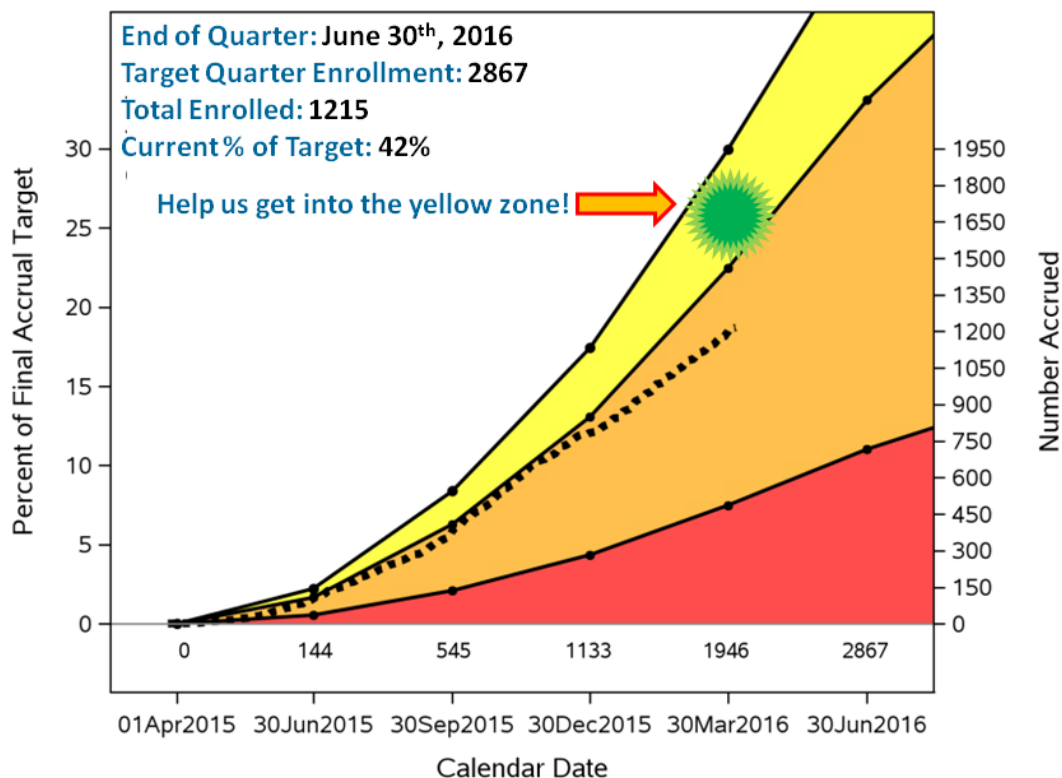

### Accrual Updates!

**87% of Activated Sites are Enrolling!**

**29% of Activated Sites Enrolled at Least 1 Participant Last Week!**

Dotted line shows actual accrual progress.

Colored bands denote predefined NIH target enrollment zones: yellow (100% to 75%), orange (75% to 25%), red (<25%).

### Thank you to Sites that Enrolled at Least 1 Participant in the Past Week!
